1 Dock. 8 Devices.

Conveniently connect up to eight devices to your MacBook or desktop. Featuring a 4K/HD dual display support for your HD display. With two Thunderbolt 2 ports, one to connect to your computer, and one to back up your files with the high-speed thunderbolt hard drive. Maximize productivity in the office or at home, simply connect and expand various USB peripherals with up to 3-additional SuperSpeed USB 3 ports. For access to a reliable, wired network connection, use the Gigabit Ethernet port.

Blazing Fast

With two Thunderbolt 2 ports, you can transfer data at a rate of up to 20 gigabits per second. That's 4x faster than USB 3! With that speed, you can back up your favorite MP3 music and full-length HD movies in just a matter of minutes.
